SUMMARY

MORE INFO HERE: <https://exclusivohomescostarica.com/listings/villa-amarillo-uvita/> An amazingly spacious 3 bedroom home bordering a creek in the heart of Uvita. The home has a beautiful back garden which gives you a nice secluded feeling of nature, with its many trees, jungle plants and the sounds of a flowing creek. Walking into the living room the first thing you notice is the amount of space with the high ceiling and open lay-out. The kitchen has everything you need and more than enough space and storage. The upstairs had two bedrooms, a shared bathroom and a workout/play area which overlooks the living room and garden. Downstairs is the master bedroom with a private bathroom and a walk-in closet. The garage has automatic opening doors and easily fits two big cars. The home was built in 2010 but still has a modern feel to it. The home is located in a beautiful area with a creek and lush vegetation.
